Registration was on a hot day in August as we all trudged back to school. Our first full day was on August 24th. The roof had been repaired (only 3 leaks this year) so that cut down on the white buckets in the hall. The air conditioner worked best on cool days but was always broken when really needed.

Enrollment reached an all time high this year with 1,022 regular CHS students plus 83 area students. St. Joseph totals 43 of this group, taking regular, advanced and career training courses. Others were from Perryville, Mayflower, Vilonia, Bigelow and Greenbrier.

As far as styles went, the guys' hair stayed short but the girls did their own thing. It was frizzy, French braided, long, short, straight or curly. Heels went down, skirts went up, pants weren't so straight legged and purple was the big color. Some wore western outfits while others dressed up in their Izod and polo shirts. But some students stuck with their "old faithful bluejeans."

Entertainment varied too. Rodeos were popular with more than the usual number of participants from our school. Crusin' wasn't for everyone this year. Early in the year several well known performers presented concerts in the area: Foreigner, Styx, Hall & Oates, and Air Supply. Don Williams played at the State Fair and Jerry Lee Lewis came to Pine Bluff.

On the weekends when students got the hungries they could be found at Wendy's, Danver's, Stoby's, Ken's, Burger Shack, or Western Sizzlin'. After payday some even went to John Barleycorn's, Coy's or Bennigan's in Little Rock.

Space movies of last year had been replaced by comedies such as "Stripes," "Arthur," "Under the Rainbow," "Private Benjamin" and "The Muppet Caper." Horror movies that were popular were "Altered States," "Blowout," and "Wolfen." If the movie was too expensive, students could be found at home watching cable T.V. which was new to Conway this year.

A few changes happened around school such as the lunch prices went up to $1.00, we got our Coke machines back. (yea!) A new mascot was on campus, and an excited pep club cheered the football team to their Associated Press rating of #1 late in September.

We have worked hard to please everyone with our annual this year. We hope you will find many memories of friends, accomplishments, and happy days in your book. Our greatest goal was to prepare a book that every student would feel was a good representation of his year at CHS.

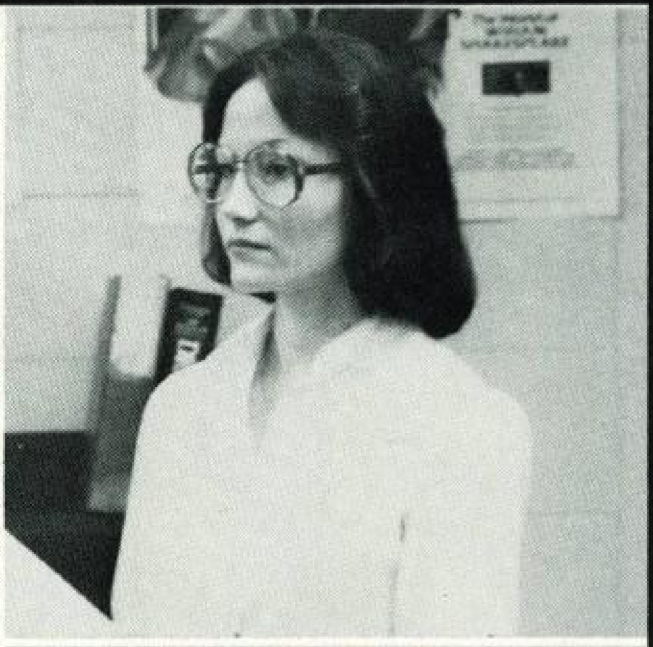
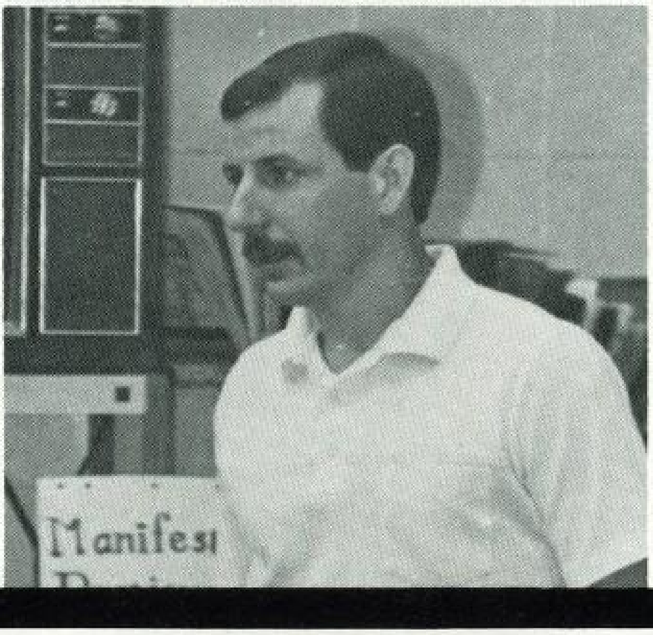
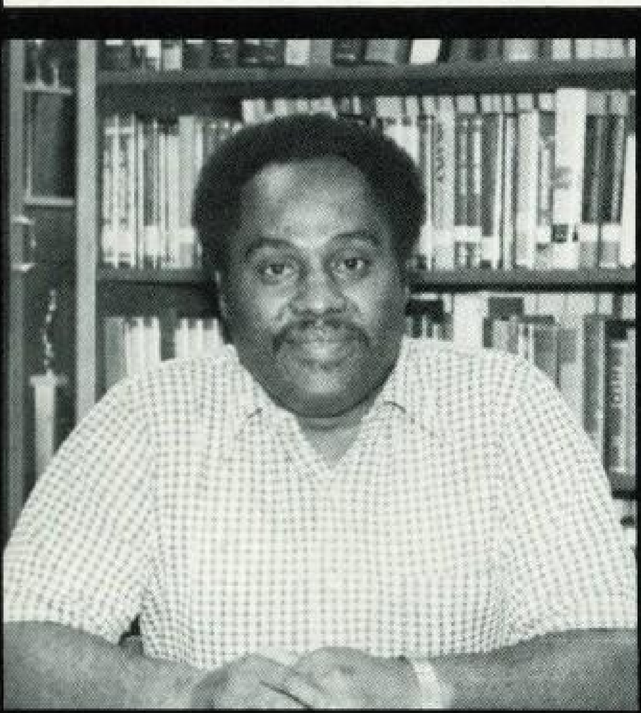
Dedication

One person at this school will be unforgettable. As a teacher she has been outstanding and even more so as a person. She has laughed at us and with us. She has sympathized with us and she has encouraged us. One of her special contributions has been to set up a dating service for homecoming. You can stay on her good side only if your fingernails are the right length. It is with affection and appreciation that we dedicate this yearbook to Mrs. Arletha Manley.







Mr. Herman Lasker was one of the two teachers chosen for Teacher of the Year. He was picked by the other teachers in the main building. Mr. Lasker has been at Conway High for eight years teaching physical education and coaching intramurals.

Published once every three weeks throughout the school year, the Wampus Cat newspaper has twelve staff members who work during fourth period and after school to present the students with accurate news coverage. The layouts of the eight page paper are drawn up by the staff while the Log Cabin Democrat does the printing.

Receiving excellents for the past six years at state conventions, last year the newspaper was rated superior with several students winning individual awards.

Bright, Lasker Honored as Teachers of Year

by Jennifer Watson and Jay [illegible]

"I feel honored. It makes me feel very humble to think that my fellow workers voted me teacher of the year." This was Mrs. Doretta Bright's reaction when she was recently picked teacher of the year by the faculty at CHS.

"I feel like every teacher is teacher of the year but unfortunately only one can win," she said.

Entering her sixth year at Conway High, Mrs. Bright enjoys teaching because she likes young people and thinks it's a good profession for a working mother. "Being a teacher gives me more time to spend with my family."

Mrs. Bright has a very busy schedule. She teaches record keeping, accounting I and II, and computerized accounting.

In addition she is very active in other activities outside of the school. She attends First Baptist Church where she serves on the nominating committee. She belongs to Kappa Kappa Iota, a teachers sorority, and AEA, NEA, and CEA, all educational associations. She is also active in ABEA, AVA, and NBEA, business related associations.

Having great admiration for her students, Mrs. Bright says, "I love them all, I really do. I get a great satisfaction out of teaching them, not only in subject matter but I hope I influence them in other ways, too. I try to give them all of the encouragement I can."

Mrs. Bright is the wife of Raymond Bright, director of housing at UCA. They have six children and five grandchildren.

Coach Herman Lasker is a unique human being. He is willing to take time to organize all the intramural sports, and this time he's willing to spend it before school, during lunch and after school. He gets satisfaction from seeing students realize their achievements.

It's this type of person with this type of attitude who receives a teacher of the year award, an honor bestowed by the vote of his fellow teachers.

He is also responsible for the receipt by CHS of the 1980-1981 State Champion Award for the American Alliance for Health, Physical Education Recreation and Dance.

Lasker is very modest when it comes to the subject of himself. Regarding the teacher of the year award, he said, "I am very pleased. I consider it an honor from all the other teachers." On the state P.E. award, Lasker said "I don't deserve any glory. It's a credit to our school and I'm happy for the kids. Now the kids (in P.E.) know what they are striving for."

Lasker goes above and beyond the call of duty as a

Students to Participate in Model U.N.

by [illegible]

Arkansas Model United Nations will be held Dec. 4 and 5 at UCA.

The purpose of the model UN is to teach students how the real UN is run.

The first day includes a general assembly and committee meetings. It is usually followed up by a dance at the end of the day. Debates are finished up the next day in the committee meetings and the afternoon is spent in a general assembly where more issues are brought to the attention of the countries.

Following are some of the countries and their leaders represented by CHS: Teresa Tipton, Denmark; Allen Alvey, Lebanon; Tina Haggard, Iran; Andy Poindexter, P.L.O.; and Mike Gober, Jordan. A full list of names and countries was not available at press time.

Registration fee is $2 per person. It is still possible to register if there are four people willing to be in the delegation.

Interested persons should contact Mrs. Sue Alread.

Students Participate In City Government

Twelve students became city officials Tuesday, by participating in City Government Day.

The event, sponsored by the Morning and Afternoon Optimist Clubs, allowed members of Mrs. Sue Alread's government classes to gain first-hand knowledge of city and county government.

"I think it's a marvelous opportunity," said Mrs. Alread. "It's great for the kids." They learn how the government works and what a typical day is like.

Six students were elected from each class. They received their positions through a drawing

of Children's Colony, George Rountree-sheriff, and Jess Sweere-superintendent of schools.

The new "officials" went to their respective offices at 8:30 and finished between 12:00 and 3:00.

Scott McDermott

McDermott Returns

Scott McDermott, who left last January to spend a year as an exchange student in Australia, will return home Tuesday, December 15.

For the past ten months, Scott has been living in Black Rock, Victoria, a town approximately the size of Conway.

Scott says he is looking forward to coming home very much but he knows he will miss Australia, especially now that it's summer vacation.

Upon his return, Scott plans to take several classes at high school and also at Hendrix.

Over 150 students participated in intramurals this year. They competed in flag football, basketball, ping pong, bowling, volleyball, and softball. All that was required for the team sports was to have a team, show up before and after school, and to have a team name. The naming was almost an event in itself. Here are some examples: Dirty ½ Dozen, Volunteer Volleyball Team, No Name Gang, and Alibis.

The winners were: B-52 Bombers in football; Creamers, basketball; ping pong, (singles) Jeff Pascoe, (doubles) Elmo Irby and Terrance Collier; bowling, Misfits (presently); volleyball, High and Dry (presently). Softball isn't played until after deadline.

Dear Mr. Mean,
It has certainly been my pleasure having you in class these two years. It's always rewarding when a student is as enthusiastic about a class as you have been about mine! I'll keep an eye out for your name in the paper (and your picture) once you become president of a large corporation.
Good luck!
